

BERETTA CERTIFIED USED FIREARM CERTIFICATE OF INSPECTION

Congratulations on the purchase of your Beretta Firearm and welcome to the Beretta family of consumers who, like you, own one of our finely crafted products. Beretta Certified Used firearms represent the safest way to buy previously used firearms.

Although you have purchased one of our "Y" stamped models, identified by the inverted "Y" stamp at the end of the serial number (denoting that it has been previously fired or may exhibit cosmetic flaws), the firearm is warranted for mechanical and safety performance against defects for a period of sixty (60) days from the date of the retail sale.

This "Y" stamped firearm is not warranted for cosmetic blemishes or imperfections in the wood, metal, cases, boxes, or accessories, nor for the absence of certain accessories.

Beretta Certified "Y" firearms are offered for sale only after undergoing factory inspections. All "Y" firearms must pass individual inspections and grading by Beretta factory-trained personnel before being sold. No firearm failing our standards for "Y" guns will leave the Beretta facilities. See reverse side for explanation of Beretta "Y" gun grading.

INSPECTION & TESTING RESULTS

This firearm has passed inspection and is certified for resale.

Serial Number: _____

Model: _____ Grade: _____

Signature of technician: _____

Date tested and graded: _____

DEFINITION OF BERETTA “Y” GUN GRADING

- Y1:** Firearm has been thoroughly checked by Beretta factory trained personnel for safety and function. Firearm may have been previously fired or has cosmetic flaws to itself, accessories, case or packing box. May also be missing original accessories.
- Y2:** Firearm has been thoroughly checked by Beretta factory trained personnel for safety and function. Firearm may have been previously fired or has more apparent cosmetic flaws. May be missing original accessories.
- Y3:** Firearm has been thoroughly checked by Beretta factory trained personnel for safety and function. Firearm may have been previously fired or have heavier and /or higher usage or cosmetic flaws. May be missing original accessories.

NOTE: Handguns will come with following accessories: gun lock and, for pistols, at least one magazine. Shotguns will have at least one choke tube per barrel. Rifles will have at least one magazine and a gun lock. All firearms will come with owners manual.
